I am a person that equips best interpersonal skill, analytical skills, decision making and communication skills. I enjoy working with team and I am capable of working independently as well. I am an adaptable University graduate with GPA of 3.55 BSC in electrical and computer engineering) from AaiT and BA in management from Bahrdar University. In both my academic and professional life, I have been consistently praised as hard-working by my lecturers and peers. Whether working on academic, or professional projects, I apply proven analytical, communication and creative thinking skills, which I hope to leverage in the position you assign at your company that I am confident to perform any duties and role that you will give me .I am an assertive and solution oriented person this are my asset that I have harvested throughout my school life. I am eager to know new things and to accept criticism so as to improve myself. After reviewing my resume, I hope you will agree that I am the type of competent and competitive candidate you are looking for. I look forward to elaborating on how my specific skills and abilities will benefit your organization. Please contact me at 09-48-03-27-27 or via email at mekacham381@gmail.com to arrange for a convenient meeting time. Thank you for your time and consideration

yours sincerely
